

JOB OPENING: Subject Matter Expert

About the company

uLesson is a venture-backed education technology business whose mission is to deliver high-quality, affordable, and accessible education to all Africans. Our app hosts thousands of educational video tutorials that combine quality lessons delivered by experts in education, with digital animations and illustrations to explain key concepts; thereby, providing students with a learning experience that is unprecedented in its richness, scope, interactivity, and effectiveness.

We currently provide students between the grades of 4 and 12 with access to high-quality, curriculum-relevant, animated video lessons. At the moment, our Android application has over 1 million downloads on the Google Play store and we've been featured on credible media houses like CNN, Ventureburn, Quartz and Business insider.

Our product is aimed at delivering better learning outcomes for students across Africa, as well as improving their performance in national and international examinations.
