

## JOB OPENING: Junior Product Associate

### About us:

uLesson is a venture-backed education technology business whose mission is to deliver high-quality, affordable, and accessible education to all Africans.

Our app hosts thousands of educational video tutorials that combine quality lessons delivered by experts in education, with digital animations and illustrations to explain key concepts; thereby, providing students with a learning experience that is unprecedented in its richness, scope, interactivity, and effectiveness.

We currently provide students between the grades of 4 and 12 with access to high-quality, curriculum-relevant, animated video lessons. At the moment, our uLesson App has been downloaded over 2 million times and we've been featured by credible media houses like CNN, Venturebum, Techcrunch, Quartz and Business insider.

Our product is aimed at delivering better learning outcomes for students across Africa, as well as improving their performance in national and international examinations.

### Key responsibilities:

- Work with other Product Managers, Designers and Engineers to build new features and product updates.
- Write user-stories, manage product backlog and support in the scrum process.
- Work with Customer Experience team to provide resolution to support issues.
- Assist in product scoping, user research and customer engagement activities.

### Location

- FCT Abuja.

### Qualifications and Skills:

- 12-18 months previous product development experience.
- Experience or understanding of software development and technologies
- A willingness to learn and work in a fast paced environment
- Passionate about building educational products
- Excellent written and verbal communication skills

### Application Process:

If you think you are qualified for the role, please send your CV to [people@ulesson.com](mailto:people@ulesson.com), telling us a bit about yourself and your suitability for the role.
