Location: Yola	Recruitment Type: National (2-year renewable contract)
Date Posted: 24 November 2022	Closing Date: 5 December 2022

The International Institute of Tropical Agriculture seeks suitable applicants for the position below at the Institute's project location in Yola:

**Position: Monitoring and Evaluation Manager**

**Contract:** 2-year renewable contract

**Location:** Yola

**DUTIES:**

- Develop a robust Results-Based Framework for Monitoring and Evaluation of Activity interventions and use it for easy comparison of value chain results and performances.
- Closely follow the Activity Results-Based M&E Framework and related Implementation Progress Reporting (IPR) tools to collect and document data for use in measuring output, outcome, and impact.
- Assess and regularly report on key Activity innovations and technologies, major constraints, and challenges as well as emerging opportunities in out-scaling them.
- Ensure that the Results-Based Framework is gender sensitive and could be easily used to collect and provide feedback that is sex and gender-segregated on key Activity indicators, metrics, and activities.
- Design a knowledge management system within the M&E Framework as a continuous, dynamic, action-reflection-action process and contribute to evaluating the adoption and diffusion of key Activity innovations and technologies;
- Contribute to the Activity reporting process, lead the development and report to IITA and USAID on performances and effectiveness of interventions.
- Perform any other job-related task as may be assigned by the Project Manager.

**QUALIFICATION:**

Masters in Agricultural Economics, Statistics, Economics or any other related field with a minimum of seven (7) years' experience performing similar or related role in a well-structured organization.

## **COMPETENCIES:**

The ideal candidate must:

- Have excellent communication skill (reading, writing, and speaking).
- Have good experience working on field surveys, assessments, data analysis, and management.
- Have an excellent understanding of issues related to agriculture in the relevant North East Nigeria.
- Have ability to work under minimal supervision and with tight deadlines.
- Have excellent interpersonal skills and the ability to work in a team-oriented multicultural environment.
- Have the ability to deliver accurate and timely reports.
- Have the ability to travel extensively within the relevant state and work long hours.
- Have Capacity in info-graphics and technical report writing is an advantage.

## **REMUNERATION:**

We offer highly competitive salary with equally attractive benefits and excellent working conditions in a pleasant campus environment.

## **METHOD OF APPLICATION:**

Interested applicants should complete the online application attaching detailed cover letter and curriculum vitae saved with their names in Microsoft word format at <http://jobs.iita.org/erecruit> no later than Two Weeks from the date of this publication. The application must include the names and e-mail addresses of three professional referees which must include the applicant's current or previous direct Supervisor and professional colleague.
